

# Maximize Your AQUA Social Media Campaign

## **Quality Social Media Content:**

- 1. Entertains and/or informs
- 2. Is short and sweet
- 3. Is not overly promotional

#### **The Result:**

This content is more likely to be clicked, watched and shared, extending the reach (and return) on your post.

# **Maximize Your Post on Facebook**

Like the post on the AQUA Facebook page

**Share** the post from the AQUA Facebook page This allows your followers to see the post and gives them the option to like, share or comment on the post.

**Comment** on the post on the AQUA Facebook page Tag anyone you think may be interested in the post. Do this by first typing the "@" symbol followed by their name or company's name. Or respond to comments and questions left by our audience.

\*For optimum performance, your submitted image(s) should not include text. Facebook restricts the reach of images it perceives as advertisements.

# **Maximize Your Post on Twitter**

#### Favorite the Tweet

Your followers have the ability to see what you favorite. So favoriting a tweet increases the chance that others will see it.

```
CES, BonaVista and Debra Smith liked your Tweet

## , **Retweet** the Tweet

This reposts the exact tweet from AQUA to your own page so all of your followers can see it.

### Please provide to AQUA:

A brief description of the content you would like posted on our social media accounts. Images should be at least 600x600px. Send all components to Abigail Carpenter abigail@aquamagazine.com
